

THE BEELINE

Every moment is a fresh beginning – T.S Eliot
It's interesting to think that you can start anew with each passing moment. You can let go of the past, let go of whatever is holding you back, and start again, doing whatever it is you want to do.

Dear Danbee Families,

This summer at Danbee, we will seize the moment. Together we can start anew. We can all put the last two summers in our collective rearview mirrors as we emerge stronger and better. The lessons we learned, the resilience we found, and the cherished silver linings gave us all an appreciation of how important camp is to everyone in our community.

This summer at Danbee, we anticipate being back to a more "typical" summer, made possible with our proven pre-camp testing protocols and the help of the vaccine.

We also start fresh with the inaugural summer for Danbee's new co-directors Annie and Zach. They can't wait to embrace all the things that make Danbee special. Before you know it, they will be dancing like no one is watching, cheering on the Americans and Nationals, Polar Bear jumping, sailing a wish boat, and all the other things that make Danbee our home away from home.

Danbee is and always has been about the people. With 90% of our campers returning, along with many familiar staff members, we will welcome all the newbies and introduce them to a world that is life-changing, empowering, and just plain fun.

So, buckle up for the Summer of 2022. It will be an amazing ride for all of us. We will be in touch shortly with some big announcements about new projects that are being planned for next summer.

You know what we all love about Danbee? You never know what's going to happen!!!!

With lots of Danbee love,

Jay Mark Annie Zach Lauren Courtney

We can't wait to see our girls show off their Danbee pride over the year!
